

DAN PATCH

WILL BEAT 1:55

It is hoped by every true lover of horses and by every one having the welfare of Phoenix at heart. While on this subject we want you to know that we are "going some" ourselves. We have on exhibition at the Fair one of our Stover Gasoline Engine which is in operation and is running other machinery. We are also exhibiting a Columbus runabout which we shall give away to some one. We want every visitor to Phoenix as well as all our old friends to visit our place of business on South First street where we can show you over 300 vehicles, a big line of machinery and implements and we want an opportunity to convince you that we are just like Dan Patch—that we can't be beat in the quality of our goods or in the fairness of our prices.
